COLLECTING, GROWING AND CARING FOR NATIVE PLANTS

ABOUT NEW TERRITORY TRAINING

At New Territory Training (NTT) our mission is to deliver high quality training and assessment that meets the needs of our clients and industry, ensuring inclusiveness and equality as the benchmark for performance.

NTT undertakes contracts with NTG, Learning on Country, Ranger groups, the Northern Land Council and a broad range of other remote Indigenous corporations.

Director and Trainer – Matt Clarke

Matt has been actively delivering training and working in Conservation and Ecosystem Land Management, Arboriculture and Horticulture for over 25 years, and is passionate about delivery quality education outcomes across remote Top End communities.

ABOUT TERRITORY NATIVE PLANTS

Territory Native Plants (TNP) are the Top End's only specialist native plant nursery, supplying premium quality NT native species to the retail market and trade.

TNP provide over 250 plant species, services and technical expertise to a broad range of Federal, Territory & Local Government clients, including NGO's, Civil, Defence and remote Indigenous corporations.

Director and Trainer – Travis Messner

Travis has been actively delivering training and working in Conservation and Ecosystem Land Management (Diploma) for over 25 years. As TNP Nursery Manager Travis co-ordinates a team of volunteers, qualified local and indigenous horticulturalists, seed collectors, nursery staff, on-site labourers and sub-contractors.

*We don't just teach the theory,
we implement it every day!*
